

FY 2023–27 Human Services Grants Program

Santa Monica Program Participants (SMPP)

For the purposes of the HSGP, an eligible Santa Monica Program Participant (SMPP) is defined as:

- An individual or household whose permanent address is in Santa Monica; or
- A student currently attending a Santa Monica public school (for school-based services)

For agencies applying to operate programs that serve “at-promise” youth,* two or more of the following risk factors must apply for program participants (child, youth, and/or caregiver):

- Youth is out of school and has not obtained a High School diploma, GED, or equivalent;
- Youth/child has behavioral health challenges, such as substance abuse issues;
- Youth/child has a history of physical and/or emotional abuse;
- Youth/child has a history of personal or family trauma (e.g. death of a caregiver, incarceration of caregiver);
- Youth/child is a member of a low-income household;
- Youth/caregiver is unemployed and not in school;
- Youth/caregiver has a history of incarceration or family history of incarceration;
- Youth/caregiver is gang involved or has family members that are gang involved; or
- A pregnant person (or their partner) with 2 or more of the previous risk factors

*An “at-promise” youth program provides assertive case management services for identified high-risk children, youth, and their families. These programs lead coordination of system-wide case conference meetings with local social service providers and respond to the holistic needs of the City’s most vulnerable children, youth, and their families.

FY 2023–27 Human Services Grants Program Santa Monica Program Participants (SMPP)

If a program participant is a person or family experiencing homelessness, the following criteria would apply to be designated SMPP and be eligible for City-funded services (with the exception of school-based services):

- Individual/family experiencing homelessness whose last permanent or regular address was in Santa Monica; or
- Individual (or a household with one or more adults) experiencing homelessness who has been staying/living in Santa Monica for three or more years; or
- Family (a household with at least one minor) experiencing homelessness who has been staying/living in Santa Monica for one or more years.
- Individual/family experiencing homelessness who has been referred by City staff as a high user of City resources and services; or
- Individual/family experiencing homelessness whose member(s) have worked full-time within the City of Santa Monica for a minimum of six consecutive months; or
- Individual experiencing homelessness who, within the past year, has been fired or laid off from a business in Santa Monica after having worked there for at least 6 months.

A Santa Monica program participant is not:

- A student who lives outside of Santa Monica attending a private school in the City; or
- A Santa Monica College student who lives outside of Santa Monica and who has no other ties to the City (did not attend a Santa Monica public school); or
- An individual or family experiencing homelessness who recently arrived in Santa Monica or intermittently stays in Santa Monica who does not meet one of the homelessness criteria listed above.

Note: At any point during the grant cycle, staff may revise SMPP eligibility criteria in response to emerging needs.
