# Timeline

- 2022: City Council approves the 2021-2029 Housing Element
- 2023:
  - City Council declares local state of emergency on homelessness
  - City releases Request for Proposals for development of Euclid, 14<sup>th</sup> and 16<sup>th</sup> Street parking lots
- 2024 (to date):
  - City Council selects team led by HCHC
  - City Council extends local homelessness emergency
  - HCHC hosted 4 community meetings
  - Council direction to continue negotiations with HCHC

# City Council direction 8/27/24

1. Continue exclusive negotiations with HCHC based upon a revised 100% affordable development with large family housing on 1217 Euclid Street and senior housing with 40 permanent supportive housing units for seniors on 1211-1217 Fourteenth Street and 1402 Wilshire Boulevard, provided that 1402 Wilshire Boulevard can be acquired by HCHC from a third party.
2. This revised project would be coupled with a City subsidy. Development on 1146 Sixteenth Street would be eliminated to mitigate parking impacts and would remain public parking. Development of 85 senior housing apartments inclusive of 40 permanent supportive housing apartments for seniors would be built on two parcels (1211-1217 Fourteenth Street and 1402 Wilshire Boulevard) instead of one to reduce building height adjacent to neighboring residential buildings on Fourteenth Street.

Santa Monica Housing Element  
Site Selection Process  
City's Obligation to Provide Housing

# How Did City-Owned Sites Get Chosen?

- Extensive public process as part of Housing Element including Council direction
  - Council Direction with October 2021 Housing Element and confirmed through revisions in 2022 prior to final adoption
- City must identify enough sites across the city to accommodate 1,880 lower income units
  - Per State law, sites must allow 100 percent housing or 50% housing as part of mixed-use project
  - Sites must be spread throughout the city to address Housing Element fair housing requirements
- If city-owned sites were not used to address lower income shortfall, housing capacity in Housing Element would need to increase to well over 13,000 units
  - Would have required substantially more upzoning

# City-Owned Sites in the Housing Element

City was required to show greater commitment to demonstrate that City-owned sites could accommodate the 1,880 affordable housing units

Sites	Estimated Capacity Based on Parcel Size
1318 4 <sup>th</sup> St (Council approved 10/8/24)	104
Mid-City Parking Lots (3)	130
4 <sup>th</sup> Street and Arizona	362
Bergamot Arts Center	707
Main Street Parking Lots	577
<b>Total</b>	<b>1,880</b>

# Housing Element Obligations

- **Program 2.E: City-owned sites**
  - Commit to minimum number of units on city-owned sites
  - Commit to issue RFPs on city-owned sites on regular schedule
  - Explain process that City will pursue to develop city-owned sites
  - Identify any potential partners for 100% affordable housing
  - List tools that City has used in the past to facilitate affordable housing on public land
- **Program 5.A: Range of Housing Options to Reduce Number of Homeless Individuals**
  - Ongoing obligation to seek and leverage funds for development of range of permanent supportive housing options within and outside Santa Monica

# Out of Compliance – Consequences

Implementation of Housing Element programs is mandatory

**Immediate short-term consequences for not implementing Housing Element**

- Re-open potential for filing of "builder's remedy" projects
- Loss of funding for affordable housing
- Potential for 3<sup>rd</sup> party (private) litigation

**State can also seek judicial relief and impose penalties and fines**

# How is Affordable Housing Financed?

- **100% affordable housing relies on many sources**
  - Federal and State tax credits
  - State loan programs
  - Grants (public/private)
  - Bank loans
  - Local sources (land contribution, Housing Trust Funds)
- **Funding programs fluctuate over time and have their own rules**
- **RFP – maximize leveraging of non-City funds**
- **Trends**
  - Construction costs have increased
  - Competition for funding has increased
  - Programs incentivize PSH
  - If a development is unsuccessful in obtaining outside funding, the need for City gap financing would substantially increase and may not be feasible.

# Replacement Public Parking

- City Council authorized Exclusive Negotiating Agreement with HCHC on March 19, 2024
- Council asked questions and discussed possibilities of the proposal with and without replacement public parking
  - Funds to cover cost of 43 replacement parking spaces would need to come from City's Housing Trust Fund
- Council did not give direction to include replacement public parking in the proposal

# Replacement Public Parking

- City Council direction to maintain 16<sup>th</sup> Street as public parking (August 27, 2024)
- Staff currently assessing parking options above and beyond the 16th street lot
- Any City funding of public parking replacement would require additional Council direction and approval

Revised Proposal  
Euclid Street Family Housing  
14<sup>th</sup> Street for Seniors

# Past Meetings and Why We're Here Today

---

1. HCHC hosted four community meetings:  
May 22<sup>nd</sup> and 23<sup>rd</sup>  
July 8<sup>th</sup> and 10<sup>th</sup>

2. We received feedback via:

- Community meetings
- Project website
- Project email
- Project voicemail
- Public comments at City Council meetings

3. HCHC and kdA reviewed feedback and modified the proposal

4. On August 27<sup>th</sup>, City Council directed City staff to continue negotiations with HCHC for a revised development at Euclid and 14<sup>th</sup> Streets totaling 130 units

5. Current proposal:

- No development at 16<sup>th</sup> St
- Euclid will have 48 apts for families
- 14<sup>th</sup> St will serve seniors aged 55+; 82 apts total including 40 supportive housing apts

6. Tonight's presentation will share additional changes to the proposed development based upon community feedback

# We Heard You

---

**Updated proposal incorporates community feedback and City Council direction**

- **14th St to house seniors only, aged 55+**
- **16th St to remain as public parking**
- **Acquiring 1402 Wilshire Blvd to minimize height impact in residential neighborhood**
- **Increased security plan at 14th St**

# Overview of Current Proposal

Unit Type	1217 Euclid St	1211-1217 14 <sup>th</sup> St & 1402 Wilshire Blvd	1146 16 <sup>th</sup> St	Apt Type Total
One Bed	21	80 (40 units to be PSH*)	To remain as public parking	<b>101</b>
Two Bed	14	2		<b>16</b>
Three Bed	13	0		<b>13</b>
<b>Total</b>	<b>48</b>	<b>82</b>		<b>130</b>

\* PSH = Permanent Supportive Housing

# July Updates

	Original Proposal	Examples of Feedback	Proposed Changes
<b>HOUSING TYPE LOCATION</b>	Supportive housing located on Euclid St Family apartments located on 14 <sup>th</sup> St	14 <sup>th</sup> Street has more traffic and safety concerns and is closer to UCLA medical facilities	Family apartments moved to Euclid St Supportive housing moved to 14 <sup>th</sup> St
<b>ALLEY CONGESTION</b>	At grade and subterranean resident parking accessed from alleys	Alleys are narrow and congested	Vehicle queueing areas provided within property lines to minimize impact on alleys
<b>STAFFING</b>	Each site will have one full-time property manager. Typical office hours will be 8am to 5pm, Monday through Friday.	Security issues may arise after hours or on weekends	A second full-time employee will live at the 14 <sup>th</sup> St property. Job duties and hours to be determined and the goal will be to enhance safety and security.
<b>SITE SECURITY</b>	Open access landscaped front yards with secured building door access	Measures to enhance safety are important and site perimeters need to be secured	Perimeter fences, fob-access gates, and security cameras installed at all sites
<b>SERVICES</b>	Possible inclusion of a food pantry to benefit food insecure households	Services, such as food distribution, should not be open to the broader community	Services will be for residents only, not the broader community

# October Updates

	Original Proposal	Examples of Feedback	Updates
<b>PUBLIC PARKING</b>	Affordable housing development on three public parking lots	Parking lots are heavily used by residents, businesses, and hospital visitors	16 <sup>th</sup> St to remain undeveloped as public parking
<b>POPULATION SERVED</b>	Low-income individuals, families, and formerly unhoused individuals in supportive housing	There is a need for senior housing and 14th St is better suited for seniors	Family apartments provided at Euclid St 14 <sup>th</sup> St restricted to seniors (55+ and up)
<b>PSH STAFFING</b>	Each development site will have one full-time property manager. Typical office hours will be 8am to 5pm, Monday through Friday.	Security issues may arise after hours or on weekends	Two full-time resident property managers will live at the 14 <sup>th</sup> St property. Security will be provided on nights and weekends during Year 1
<b>BUILDING HEIGHT</b>	14th St building five to six stories high	Building is too tall for a residential street without other tall buildings	Combined 14th St & 1402 Wilshire site design where building is six stories along Wilshire Blvd, stepping down to four stories on residential street
<b>LARGER UNIT TYPES</b>	Buildings will include a mix of studio, one-, two-, and three-bedroom units	Studio units are too small. Larger units should be provided.	No studios will be provided. All 130 apts will be one-, two-, or three-bedrooms
