

Streetlight Modernization Program Package 3 Expect Sidewalk Closures, Traffic Impact, and Parking Restrictions

Estimated Duration: February 2024 – March 2024
Location: 7th Street and Strand Street (Joslyn Park)
Description: Installation of Vehicle Charging Stations, Curb Ramp, and New Traffic Striping and Signage
Work Hours: 8:00AM to 6:00PM

Dear Neighbors:

The City of Santa Monica has contracted with International Line Builders (ILB) to install four (4) electric vehicle charging stations on 7th Street and Strand Street (Joslyn Park). The stations will be located on the southwest corner of 7th Street and Strand Street. Improvements include new vehicle charge stations, new parking striping and signage, and new curb ramp.

The construction and parking and sidewalks restrictions will occur on:

- 7th Street and Strand Street (Joslyn Park)

Construction is expected to start February 2024 and last approximately 2 months through March 2024. Work zone shown below.

There will be sidewalk closures, traffic impact, and parking impacts and the operation of heavy equipment necessary to construct this project will create intermittent loud noise. Please note that the start and completion times/dates of the construction may change due to unforeseen conditions and weather.

For most up to date work schedule and closures, please refer to the project website:

<https://santamonica.gov/streetlight-modernization-project-phase-3>

We understand this process is inconvenient and will make every effort to minimize any inconvenience that this work may cause. Please contact the Construction Manager or Inspector, at the phone number provided below if you have any specific concerns or questions. Thank you in advance for your patience and understanding.
