

NOTICE

Lincoln Boulevard Neighborhood Corridor (LiNC) Pedestrian and Street Lighting Upgrade Project

Estimated Duration: September 16, 2024, through December 2024
Location: Lincoln Blvd between South of Ozone Ave (Southern City Limits) and Pier St.
Description: Streetlight Modernization, Conversion From High Voltage to Energy-Efficient LED Lighting, and Pedestrian Lighting Enhancements
Work Hours: Monday through Friday, 8:00AM to 6:00PM

Dear Neighbors:

The City of Santa Monica has contracted with Elecnor Belco Electric, Inc. (EBEI) to implement Segment 1 of Lincoln Boulevard Neighborhood Corridor (LiNC) Street Lighting Upgrade Project. The construction work for Segment 1 is along **Lincoln Blvd.** between **South of Ozone Ave (Sothern City Limits) and Pier St.** This construction work includes removal of high voltage streetlights, and installation of new energy-efficient LED pedestrian lighting and streetlighting, on **Lincoln Blvd.**

Construction is expected to start on **Monday, September 16, 2024**, and last approximately through **December 2024**. Work areas are shown below:

During the construction, part of the street parking and sidewalks restrictions will occur temporarily. Safety barricades and signage will be provided at work locations. Driveway and building accesses will be maintained. Traffic flow will be maintained. Residential and commercial power service will be uninterrupted and maintained during the project. Power service for street lighting is isolated from residential and commercial power service. The operation of heavy equipment necessary to construct this project will create intermittent loud noise. Please note that the start and completion times/dates of the construction may change due to unforeseen conditions and weather.

For most up to date work schedule and closures, please refer to the project website:
